Dear Tony

Post Fire Weed Suppression Funding

Thank you for your letter dated 15 October 2012 regarding funding for post fire weed control.

The Shires Environmental Team has initiated weed control on the Old Yorna reserve despite the above funding not being received. The Environmental budget overall has decreased only slightly for this financial year and in comparison to other internal Shire departments this budget has remained relatively intact from year to year highlighting the importance placed on the environment.

The annual budget review period will commence in mid-November and the post fire weed control budget will be presented to Council at this time for consideration with a view to post fire weed control works at Old Yorna Reserve.

If you have any further queries please do not hesitate to contact Tamara Wilkes-Jones on 9257 9936.

Regards

Andrew Fowler-Tutt
Planning and Development Manager
