Dear Mr Fowler

**APPEAL AGAINST GRANT OF CLEARING PERMIT C4100/1 – LOT 3000 ON DEPOSITED PLAN 44636 (HARTFIELD PARK RESERVE 17098, FORRESTFIELD), SHIRE OF KALAMUNDA**

Thank you for your letter to the Minister for Environment dated 18 July 2012 appealing the decision of the Department of Environment and Conservation (DEC) to grant a clearing permit in respect to the above land.

Your appeal will now be investigated by this Office. This will involve obtaining comments from the DEC, the permit holder and any other public authorities or individuals with an interest in the subject matter of the appeal. In line with normal practice, your appeal will also be provided to the permit holder to allow the opportunity to respond to the issues raised.

A representative from this Office will contact you to discuss the appeal in due course.

Once the investigations have been completed, a report is prepared for the consideration of the Minister. The Minister then determines the appeal, the details of which will be conveyed to you and other interested parties in writing.

Please note that pending the determination of the appeal, the clearing permit is deemed not to have been granted.

If you have any queries in relation to this matter, please contact the Office of the Appeals Convenor on 6467 5190.

Yours sincerely
